Grant Applications and Information

Fiscal Year 2001

What is IMLS?

The Institute of Museum and Library Services (IMLS), an independent agency within the Executive Branch, was established by Act of Congress in 1996 to improve museum, library and information services. Within IMLS, the Office of Museum Services was established to encourage and assist museums in modernizing their methods and facilities so that they may be better able to conserve our cultural, historic, and scientific heritage; and to ease the financial burden borne by museums as a result of their increasing use by the public. The Office of Library Services was established to consolidate Federal library programs, to stimulate excellence and promote access to resources in all types of libraries for individuals of all ages, to promote library services that provide access to information through electronic networks, to provide linkages among and between libraries and to promote targeted library services to people of diverse backgrounds and abilities.

IMLS provides support to all types of libraries through grants to States and through discretionary programs. IMLS is the only Federal agency that provides general operating support for museums of all disciplines. For many museums, IMLS is the only source of Federal support. The National Museum Services Board, a Presidentially-appointed body of fifteen voting members advises the Director on program policies for the Office of Museum Services. The National Commission on Libraries and Information Science, a Presidentially-appointed body of fifteen voting members advises the Director on program policies for the Office of Library Services.

INSTITUTE
of MUSEUM
and LIBRARY
SERVICES

Dear Colleague:

It is a pleasure to present the guidelines for the FY 2001 Institute of Museum and Library Services Native American Library Services grants. In 2000 we made Basic Library Services Grants to 213 American Indian tribes and Alaska Native villages. Fifty-five of these applicants also requested and will receive consulting services through Technical Assistance Grants (now called Professional Assistance Grants). In addition, we received 36 applications for competitive Enhancement Grants and made 11 awards.

IMLS grants are designed to help Native American libraries overcome many of the challenges they face and improve services to their communities. The Institute encourages libraries to use technology to bring information to people in new and interesting ways. At the same time, these grants support a range of traditional library services to ensure that users have access to all the kinds of information they need and want.

Grant funds may be used to improve services to underserved communities and to persons who have difficulty using a library. They may also be used to establish or enhance electronic linkages with other libraries and service organizations, to promote the use of electronic networks, and to encourage the sharing of resources within and among communities.

It has been my pleasure to meet and talk with many of you who are working to improve library services to Native Americans, and I look forward to continuing a rewarding relationship.

Sincerely,

Beverly Sheppard
Acting Director

PART 1

**GENERAL
INFORMATION**

How to Use These Guidelines

These guidelines are divided into four sections. Read Section 1 for general information on the purpose of the programs and about eligibility. Read Sections 2-4 for specific information on each of the three categories of support.

Potential applicants should read the entire section for the type of support they are considering before preparing the application. The Office of Library Services staff is available to answer questions by telephone at 202/606-5227 or by email at imlsinfo@imls.gov.

General Information

The Native American Library Services program marks new opportunities for improved library services for an important part of the nation's community of library users. The IMLS Native American Library Services program offers three types of support in order to serve the range of needs of Indian tribes and Alaska Native villages. The three types of support are:

BASIC LIBRARY SERVICES GRANTS

These small grant awards support core library operations on a non-competitive basis to all eligible Indian tribes who apply for support. These grants ensure a minimum level of public library service (see section 2 of these guidelines);

PROFESSIONAL ASSISTANCE GRANTS

Professional Assistance Grants (formerly Technical Assistance Grants) are intended to heighten the level of professional proficiency of library staff. These small non-competitive grants provide support for professional assessments of a full range of library services and advice for improvement (see section 3 of these guidelines); and

ENHANCEMENT GRANTS

Enhancement Grants support activities to advance the applicant library's operations to new levels of service for activities specifically identified in the Library Services and Technology Act. These competitive grants are intended to encourage the implementation of both mainstream and innovative library practices (see section 4 of these guidelines).

The Institute of Museum and Library Services is pleased to invite applications for the Native American Library Services program. These guidelines reflect a recognition of a history of sound service by the precursor to this program within the U. S. Department of Education, the expressed need of former program participants and opinions of other representatives of the Indian tribes and Alaska Native villages.

BACKGROUND REPORT

In January 2000, IMLS convened a group with expertise in tribal libraries to review the Native American Library Services program and make recommendations for the future. The individuals who participated had either received grants through the program, served as consultants or liaisons to tribal libraries, or been involved in tribal library issues through the American Indian Library Association or through activities at the state level. The full text of the report can be found on the IMLS web site at www.imls.gov/grants/library/lib_nat.asp#adv.

**ELECTRONIC
NEWSLETTER**

Current information about the Native American Library Services program plus information about other IMLS programs and activities is published in *Primary Source*, the IMLS electronic newsletter. Instructions for subscribing to *Primary Source* are on the IMLS web site, www.imls.gov.

Applicant Eligibility

To be eligible to receive funds under this grant program, the applicant must comply with the definitions set out in the Library Services and Technology Act of the Museum and Library Services Act of 1996. Indian tribes and Alaska Native villages are eligible to apply.

The term “Indian tribe” means any tribe, band, nation, or other organized group or community, including any Alaska Native village, regional corporation, or village corporation, as defined in or established pursuant to the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.), which is recognized by the Secretary of the Interior as eligible for the special programs and services provided by the United States to Indians because of their status as Indians. Except for recognized Alaska corporations, eligible entities are listed on the Bureau of Indian Affairs web site (<http://www.doi.gov/bureau-indian-affairs.html>).

Entities such as schools, tribal colleges, departments of education, or libraries are not eligible applicants, although they may be involved in the administration of this program and listed as contacts on the grant application forms.

PART 2

**BASIC
LIBRARY
SERVICES
GRANT**

Basic Library Services Grants

ELIGIBILITY

Indian tribes and Alaska Native villages or corporations which are recognized by the Department of Interior are eligible to apply for Basic Library Services Grants (Basic Grants).

PURPOSE OF PROGRAM

A Basic Grant is available only to support existing library operations. Applicants will be required to document ongoing levels of library service in the “Institutional Profile” section of the application. At a minimum, an existing library should be able to document three basic criteria: regularly scheduled hours, staff, and materials available for library users.

HOW ARE GRANTS MADE?

Basic Grants are non-competitive grants to eligible tribal libraries to be distributed in equal amounts among all eligible applicant tribes.

Conditions of a Grant

USE OF FUNDS

Funds may be used for ongoing library services for the tribal community provided by an established library, to improve existing library services or to implement new library services as part of an established library, particularly as they relate to:

- establishing or enhancing electronic linkages among or between libraries;
- electronically linking libraries with educational, social, or information services;
- assisting libraries in accessing information through electronic networks;
- encouraging libraries in different areas, and encouraging different types of libraries, to establish consortia and share resources;
- paying costs for libraries to acquire or share computer systems and telecommunications technologies; and
- targeting library and information services to persons having difficulty using a library and to underserved urban and rural communities, including children (from birth through age 17) from families with incomes below the poverty line.

The services listed above are not in priority order and all are of equal importance. Funds may be used for such costs as salaries for library personnel, planning and needs assessments, inservice training of library personnel, library materials (including books, journals, electronic resources and equipment), library supplies, telecommunication services and equipment, and fees for participation in networks and consortia that provide the library with direct services.

LIMITS ON USE OF FUNDS

An Indian tribe may submit only one application for a Basic Grant in a fiscal year.

Grant funds may not be used for construction, contributions to endowment funds, social activities, ceremonies, entertainment, pre-grant costs, or **indirect costs**. Government-wide cost principles apply.

LONG RANGE PLAN

An applicant is required to submit with the application a Long Range Plan for library services, including projected interactions with other community organizations and schools. The purpose of the plan is to encourage an applicant to think about the needs of the community and to develop programs and activities that will meet the needs of the library's users now and in the future.

"Long Range Plan" means a three-year plan identifying community needs and outlining goals, objectives, and activities responding to those needs. The plan should include a description of an evaluation process to demonstrate progress toward goals and objectives. The plan submitted in 2001 would be for the years 2002 to 2004. For an example of how to develop the components of a long range plan, go to the IMLS web site (www.imls.gov), select Library Services, and select Native American Library Services.

GRANT PERIOD

All funds must be obligated within the grant period and expended within 90 days after the close of the grant period. The grant period begins October 1, 2001 and ends no later than September 30, 2002. No extensions to the grant period will be allowed. A new Basic grant application is required for each new fiscal year. The development of a three-year long range plan does not imply automatic funding for three years nor does it imply the availability of grant funds past the stated grant period.

AMOUNT OF GRANT

The estimated amount of grant for FY 2001 is \$4,000. Prepare a budget based on the estimated grant award (\$4,000), no more or no less. The final amount will be determined after all applications have been received and eligibility has been determined. Grants will be made in September 2001 from FY 2001 funds.

MAINTENANCE OF EFFORT

An Indian tribe receiving a Basic Grant should expend the same amount for library services, exclusive of the grant amount, during the grant period that was expended in the 12-month period immediately preceding the grant period. The Basic Grant is not intended to replace funds allocated for library services by the tribe.

NOTIFICATION OF GRANT AWARD

No information about the status of an application will be released until all applications have been reviewed and all negotiations are concluded. IMLS will notify applicants of final decisions in July 2001.

PAYMENT, ACCOUNTING, AND REPORTING PROCEDURES

A Federal accounting office handles the payment of Native American Library Services grants. Payments are made electronically within three weeks after recipients return the Automated Clearing House form which is included in the grant award notification.

IMLS requires grant recipients to maintain a restricted account for funds received during the grant period. They do not need to maintain a separate bank account for IMLS funds; however, they must establish and maintain a separate accounting category within an internal accounting system to show that IMLS funds have been used for grant costs only. This restricted accounting record must be adequate to satisfy normal auditing procedures. Grants are subject to the provisions of Office of Management and Budget audit requirements.

A final performance report must be submitted no later than December 31, 2002. IMLS will establish final reporting requirements. A grantee who does not submit the final report by the due date will jeopardize their eligibility to receive future IMLS Native American Library Services grants.

PREPARING THE APPLICATION

IMLS now makes all application forms available on our Web site in PDF (Portable Document File) format. Applicants can fill in the application forms electronically and print them using freely available read-only software. Parts of the application such as the long range plan are not available as a fill-in form. Please note that you cannot save the documents and work with them later. If you use the fill-in forms, you must complete the forms and print them before logging off. Also, the forms cannot be submitted electronically and must be mailed to IMLS. The fill-in forms are located at www.imls.gov/grants/appl/index.htm. Before completing the fill-in forms, read through the detailed instructions under the link [Adobe Acrobat reference center](#) on the same page as the link to the applications. Applicants choosing not to use the fill-in forms may recreate the forms following the IMLS format or may type on printed forms.

An applicant requesting Basic Grant support should complete the application and submit it with the Assurances form signed by the authorized certifying tribal official. Submit the complete **four-page** Assurances form, not just the signed page.

The applicant must submit one application with original signature(s) of authorizing official(s) on the Assurances form. Photocopies or stamps of signatures will not be accepted on the original. Include a second copy of the entire application.

Do not place the original or copy in a binder or notebook.

Applicants submitting incomplete applications will not be considered for funding. IMLS will determine if an application is incomplete.

Sending the Application to IMLS

Mail or hand-deliver applications to:

Office of Library Services, Room 802
Institute of Museum and Library Services
1100 Pennsylvania Avenue NW
Washington, DC 20506

Within 15 working days after the application deadline, IMLS will mail applicants an acknowledgment form with an application log number. If this form is not received, contact IMLS to make sure the application was received.

**HAND
DELIVERY**

IMLS accepts hand-delivered applications between 9:00 a.m. and 4:30 p.m. (Eastern Time) daily, except Saturday, Sunday and Federal holidays. IMLS will provide a dated receipt at the time of delivery.

**MAIL
DELIVERY**

Mailed applications must be postmarked no later than the application deadline:

March 1, 2001

IMLS may ask for proof of mailing if the postmark date on the package cannot be read.

IMLS will accept a legible receipt stamped by the U.S. Postal Service or a legible dated shipping label, invoice or receipt from a commercial carrier. IMLS will not accept private metered postmarks or private mail receipts unless they contain a legible date stamped by the U. S. Postal Service.

IMLS recommends certified or registered mail, “return receipt requested,” when using the U.S. Postal Service.

Note: The U. S. Postal Service does not always postmark a package when it receives one. Ask to have the package dated, then verify that it is properly date stamped.

Applications that do not meet the postmark deadline will be rejected.

PART 3
PROFESSIONAL
ASSISTANCE
GRANT

Professional Assistance Grants

ELIGIBILITY

Indian tribes and Alaska Native villages are eligible to apply for Professional Assistance Grants only if they are also applying for a Basic Library Services Grant in the same fiscal year.

A Professional Assistance Grant (formerly Technical Assistance Grant) is available only to support existing library operations. Applicants will be required to document ongoing levels of library service in the “Institutional Profile” section of the application.

PURPOSE OF PROGRAM

These non-competitive grants for established libraries fund a consultant to visit a library for the purpose of providing an onsite assessment of the library’s operations to improve library services. The assessment may involve one or all of the library’s services. An overall assessment of the effectiveness of library operations may include staffing, financial management, types and levels of services, and collections development and management.

The assessment will include an analysis of the current status of operations and recommendations for improvement. Depending on the needs of the library, the assessment may result in a general plan addressing all aspects of the library’s operations or very specific advice on how to provide a particular service. The final product will be a written report with recommendations.

HOW ARE GRANTS MADE?

Grants are made on a non-competitive basis to tribes having established library services.

Conditions of a Grant

USE OF FUNDS

Funds may be spent for travel of consultant, consultant’s honorarium, communication, and materials for implementing recommendations.

The estimated grant amount for FY 2001 is \$2000.00.

Below is an example of costs for typical budget categories; however, funds may be allocated as needed especially if travel to a remote area is involved.

Honorarium	up to \$400
Travel	up to \$800
Communication	up to \$200
Materials	up to \$600

Any funds remaining after the consultant’s assessment is completed may be used to implement the recommendations made by the consultant.

APPLICANT CONTRIBUTIONS

If the applicant has identified an appropriate consultant, a copy of the consultant's resume should be submitted with the application for IMLS staff consideration. For applicants needing assistance in identifying a consultant, IMLS staff will provide funded grantees with a list of potential consultants. Once IMLS provides a list, the grantee should work directly with the consultant.

The grantee will select and contact the consultant, arrange for and manage the site visit, and reimburse the consultant's expenses. The consultant will provide a written assessment report of library operations and submit it to the library staff within four weeks of the visit. The grantee accepts the responsibility for requiring the consultant to provide a written report to the library and to IMLS. The grantee will send a copy of the consultant's written report to IMLS along with the final report. The grantee is expected to contribute library staff time to the planning and implementation of the assessment.

GRANT PERIOD

The grant period may be up to one year, beginning no earlier than October 1, 2001, and ending no later than September 30, 2002. All funds must be obligated within the grant period and expended within 90 days after the close of the grant period. A one-time no-cost extension of no more than one year may be granted at the discretion of the Director, Office of Library Services.

LIMITS ON USE OF FUNDS

An Indian tribe may submit only one application for professional assistance in a fiscal year.

Grant funds may not be used for construction, contributions to endowment funds, social activities, ceremonies, entertainment, pre-grant costs, or indirect costs. Government-wide cost principles apply.

NOTIFICATION OF GRANT

No information about the status of an application will be released until all applications have been processed and all negotiations are concluded. IMLS will notify applicants of final decisions in July 2001.

PAYMENT, ACCOUNTING, AND REPORTING PROCEDURES

A Federal accounting office handles the payment of Native American Library Services grants. Payments are made electronically within three weeks after recipients return the Automated Clearing House form which is included in the grant award notification.

IMLS requires grant recipients to maintain a restricted account for funds received during the grant period. They do not need to maintain a separate bank account for IMLS funds; however, they must establish and maintain a separate accounting category within an internal accounting system to show that the IMLS funds have been used for grant costs only. This restricted accounting record must be adequate to satisfy normal auditing procedures. Grants are subject to the provisions of Office of Management and Budget audit requirements.

A final performance report and a copy of the consultant's report must be submitted no later than December 31, 2002. IMLS will establish final reporting requirements. A grantee who does not submit the final report by the due date will jeopardize their eligibility to receive future IMLS Native American Library Services grants.

PREPARING THE APPLICATION

IMLS now makes all application forms available on our Web site in PDF (Portable Document File) format. Applicants can fill in the application forms electronically and print them using freely available read-only software. Please note that you cannot save the documents and work with them later. If you use the fill-in forms, you must complete the forms and print them before logging off. Also, the forms cannot be submitted electronically and must be mailed to IMLS. The fill-in forms are located at www.imls.gov/grants/appl/index.htm. Before completing the fill-in forms, read through the detailed instructions under the link Adobe Acrobat reference center on the same page as the link to the applications. Applicants choosing not to use the fill-in forms may recreate the forms following the IMLS format or may type on the printed forms.

An applicant requesting a Professional Assistance Grant should complete the application and submit it with the Assurances form signed by the authorized certifying tribal official. Submit the complete four-page Assurances form, not just the signed page.

The applicant must submit one application with original signature(s) of authorizing official(s) on the Assurances form. Photocopies or stamps of signatures will not be accepted on the original form. Include a second copy of the entire application.

Do not place the original or copy in a binder or notebook.

PART 4
ENHANCEMENT
GRANT

Enhancement Grants

ELIGIBILITY

Indian tribes and Alaska Native villages are eligible to apply for an Enhancement Grant only if they have applied for a Basic Library Services Grant in the same fiscal year. For example, an applicant submitting an application in 2001 for an Enhancement Grant must also be eligible to receive and must have submitted an application for a Basic Grant in 2001.

IMLS staff determine whether an applicant is eligible and whether an application is complete. IMLS staff may contact applicants for information needed to make an eligibility determination. If an applicant is determined to be ineligible, the application will be rejected without evaluation. Incomplete applications are subject to rejection without evaluation. Applicants will be notified by mail if they are rejected.

PURPOSE OF PROGRAM

Enhancement grants are made to support: 1) projects that address the goals of the Library Services and Technology Act (LSTA); 2) the performance of library activities relating to the collection and organization of materials; and 3) improvements in accessibility of materials and services.

Projects may enhance existing library services or implement new library services, particularly as they relate to the goals of the LSTA listed below:

- establishing or enhancing electronic linkages among or between libraries;
- electronically linking libraries with educational, social, or information services;
- assisting libraries in accessing information through electronic networks;
- encouraging libraries in different areas, and encouraging different types of libraries, to establish consortia and share resources;
- paying costs for libraries to acquire or share computer systems and telecommunications technologies; and
- targeting library and information services to persons having difficulty using a library and to underserved urban and rural communities, including children (from birth through age 17) from families with incomes below the poverty line.

The services listed above are not in priority order and all are of equal importance.

HOW ARE GRANTS MADE?

All eligible and complete applications will be competitively reviewed. All eligible applications for Enhancement Grants will be evaluated by individual field review and/or panel review. Reviewers will have expertise in the types of activities identified in the proposed projects. Reviewers will be drawn from professionals in the field and from areas of expertise as determined by the Director. The Director will make funding decisions based on the evaluations by reviewers and the overall goals of the Native American Library Services program.

Reviewers will be instructed to evaluate the proposed projects according to the criteria identified in these guidelines. Applicants should address all criteria in the application narrative.

Application Elements and Evaluation Criteria

You must address all of the evaluation criteria and in the same order in which they are listed below. Each criterion should be used as a heading and followed by a comprehensive description. Since reviewers base their evaluations only on the information presented in your application, it is important that you prepare a clear, concise, well organized document. The first seven criteria listed should be addressed in the application narrative. The eighth criterion, the budget, should be addressed in a separate section.

APPLICATION NARRATIVE

STATEMENT OF NEED

Include a statement of need as it relates to the library and the community. Include information such as:

- a description of the community,
- current status of the library,
- how the proposal will improve library services, and
- impact on the community from improved library services.

PROJECT DESIGN

Include a description of the proposed project plan. Include information such as:

- clear goals and objectives,
- approach for accomplishing project objectives,
- action steps and activities to implement the project,
- how this project is of sufficient scope to create positive change in the library system, and
- plan to maintain and continue the positive changes after the period of Federal funding.

MANAGEMENT PLAN

Describe the management plan demonstrating the strategy for completing a successful project. Include information such as:

- how oversight will be provided for the various action steps and activities,
- evidence that applicant is capable of implementing the project plan,
- evidence that applicant is capable of successfully completing the project by deploying the appropriate personnel, facilities, equipment and supplies, and
- experience with sound financial planning and management.

PERSONNEL

Identify the management staff and library staff who will implement this project.

Include information such as:

- qualifications to accomplish the project goals and objectives,
- experience and expertise in the specific areas to which they will be assigned for this project, and
- adequate time commitment for the successful completion of the project.

Note: You must attach resumes for all people who will serve on this project. Maximum length of resumes: two pages per person. For new positions to be paid from grant funds, include a position description. You do not need to identify persons to be hired for new positions.

EVALUATION

Describe the approach and methodology to be used for monitoring and assessing the activities of the project. Include information such as:

- baseline data to judge how much was achieved,
- evidence of ongoing and comprehensive evaluation to assess progress,
- measurement of outcomes for each objective, impact of changes, success and possible improvement areas for the future,
- measurement of community satisfaction with new or improved services, and
- plan for documenting final results - both expected and unexpected.

MODEL PROJECT

Describe how this project will serve as a model for other Native American or community libraries and how information about this project will be shared within the library community. Include information such as:

- improvement of service to the community and library users,
- documentation of project results, and
- broad dissemination of project results locally and to the Native American library community using a variety of appropriate media.

TECHNICAL KNOWLEDGE

Projects using technology will also be evaluated by this criteria. Describe how the project utilizes technology. Include information such as:

- demonstration that the project employs the most promising, innovative or appropriate technology for proposed activities (whether purchased, leased, or outsourced),
- ability to service, maintain and upgrade proposed hardware and software, and
- evidence of commitment to share technical knowledge gained during the project.

BUDGET SECTION**THREE-PART BUDGET**

Demonstrate that the budget is appropriate and cost efficient. The proposal must include a three-part budget: 1) budget narrative; 2) detailed budget table; and 3) summary budget table. The budget should include costs to be supported by IMLS funds, applicant and third-party matching and cost sharing, and any costs to be supported by other Federal agencies. Only those costs attributable to achieving specific project activities should be included in the budget. Applicants must contribute as cost sharing an amount that is at least equal to 10% of the direct costs requested from IMLS. Other Federal funds may not be counted as cost sharing or matching funds.

Applicants who receive Enhancement Grant awards must attend an annual grantee meeting. As part of your travel budget, include \$2000 per year for attendance at the Enhancement grantees meeting. The \$2000 per year should come from IMLS funds.

The budget narrative should explain all elements of the detailed budget and should include the amount requested for each line item listed on the detailed budget forms. List the amount requested from IMLS and the amount of any cost sharing for each category. The budget narrative should include a justification for all proposed costs and explain how the proposal is cost effective. For example, if the project includes the creation and maintenance of a web site, explain whether it is more cost effective to contract out that activity or to train library staff to perform the activity. The budget narrative should clearly and specifically identify the amounts and sources of cost sharing and matching contributions. For third party contributions, applicants must indicate whether the contributions are assured or pending.

A detailed budget should be prepared for year one and year two (if applicable). It should include specific cost categories and identify whether support is requested from IMLS or is part of cost sharing. On the detailed budget sheet, the “No.” refers to the number of staff. The “method of computation” refers to how the cost is determined. For example, if a staff member will devote part of his/her time to the project, the total amount charged to the project could be determined either by number of hours multiplied by the hourly wage or by percentage of staff time multiplied by the yearly salary. Consultant fees should identify costs by hourly rates or daily fees.

The summary budget should clearly identify the amount requested from IMLS, the amount provided by the applicant, by any partners and from any other sources for cost sharing and matching (both direct and in-kind support).

INDIRECT COSTS

If indirect costs are requested from IMLS and/or used in cost sharing, a copy of the approved Federally negotiated indirect cost agreement must be attached to the application. The approved Federally negotiated cost agreement must be current as of the beginning of the grant period, which is October 1, 2001. Expired rate agreements will not be considered. If the applicant does not have a Federally negotiated indirect rate, IMLS will pay indirect costs up to 20%.

The rate that is in effect as of the beginning of the grant period shall remain in effect for the duration of the grant period, whether it is a one or two-year grant. No changes in the indirect rate will be allowed once the grant is awarded. Care should be taken that expenses included in the organization’s indirect costs are not charged to the project as direct costs. All applicants are encouraged to allocate indirect costs as cost sharing.

IMLS will pay for indirect costs only on direct costs requested from IMLS. IMLS will not pay indirect costs on any in-kind contributions or cash match. In calculating your indirect costs take into consideration any restrictions given in your indirect rate agreement.

Read the following section, Conditions of a Grant, carefully since it contains additional information relevant to preparing your budget.

Conditions of a Grant

USE OF FUNDS

Funds may be used for such costs as salaries for library personnel, planning and needs assessments, inservice training of library personnel, library materials (including books, journals, electronic resources and equipment), library supplies, telecommunication services and equipment, and fees for participation in networks and consortia that provide the library with direct services. No more than 20% of the granted funds may be used for indirect costs, unless the applicant has a current, Federally negotiated indirect cost rate.

LIMITS ON USE OF FUNDS

Grant funds may not be used for construction, contributions to endowment funds, social activities, ceremonies, entertainment, or pre-grant costs. All listed expenses, including all cost sharing, must be incurred during the grant period. Government-wide cost principles apply.

GRANT PERIOD

Applicants may request either a one or two-year grant. Once funds are awarded, funds must be expended within the specified grant period. The grant period begins no earlier than October 1, 2001 and begins no later than December 31, 2001. A no-cost extension to the grant period may be requested from the Director, Office of Library Services. A grantee receiving a two-year Enhancement Grant from IMLS may not apply for another Enhancement Grant covering the same time period as the second year of the first grant.

GRANT AMOUNT

An applicant may request up to a total of \$150,000 regardless of whether the grant period is one or two years. An applicant must contribute an amount equal to at least 10% of the total direct costs requested from IMLS. For example, if total direct project costs requested from IMLS are \$100,000, the applicant must contribute \$10,000 in cost sharing including indirect costs if desired. IMLS will review and negotiate budgets as necessary. Applicants may be granted an amount less than that requested. Grants will be made in September 2001 from fiscal year 2001 funds.

COST SHARING

Your cost sharing will comprise an amount equal to at least 10% of the total direct project costs requested from IMLS. Your cost sharing may consist of:

- cash contributions
- earned income
- equipment
- in-kind contributions
- materials and supplies

You may not use Federal funds as part of your cost sharing. This limitation also applies to salaries, equipment, services, etc. funded by Federal dollars. In-kind contributions such as staff time, donated services, and supplies may be used as cost sharing if they relate specifically to your Enhancement Grant project. Costs such as rent, utilities, and insurance are considered to be part of indirect costs and will not be accepted as direct costs requested from IMLS or as part of direct cost in-kind contributions. All cost sharing expenses must be incurred during the grant period.

Indirect costs may be used as cost sharing. Indirect costs, often referred to as overhead costs, are not attributable to a specific project or activity of an organization.

LIMITS ON FUNDING

An Indian tribe may submit only one application for an Enhancement Grant in a fiscal year. A grantee receiving a two-year Enhancement Grant from IMLS may not apply for another Enhancement Grant covering the same time period as the second year of the first grant.

NOTIFICATION OF GRANT

No information about the status of an application will be released until all applications have been reviewed and all negotiations are concluded. IMLS will notify applicants of final decisions in September 2001.

PAYMENT, ACCOUNTING, AND REPORTING PROCEDURES

A Federal accounting office handles the payment of Native American Library Services grants. Grant recipients may request cash advances or reimbursements as needed during the grant period. Payments are made electronically.

IMLS requires grant recipients to maintain a restricted account for funds received during the grant period. They do not need to maintain a separate bank account for IMLS funds; however, they must establish and maintain a separate accounting category within an internal accounting system to show that the IMLS funds have been used for grant costs only. This restricted accounting record must be adequate to satisfy normal auditing procedures. Grants are subject to the provisions of Office of Management and Budget audit requirements.

Grant recipients may be required to submit one or more interim performance and financial reports; they are required to submit a final performance report and a final financial report. Interim reports must be submitted within 30 days of the end of each reporting period. Final performance and financial reports must be submitted within 90 days of the close of the grant period. IMLS will provide report forms and instructions.

Applicants can fill in the application forms electronically and print them using freely available read-only software. Please note that you cannot save the documents and work with them later. If you use the fill-in forms, you must complete the forms and print them before logging off. Also, the forms cannot be submitted electronically and must be mailed to IMLS. The fill-in forms are located at www.imls.gov/grants/appl/index.htm. Before completing the fill-in forms, read through the detailed instructions under the link [Adobe Acrobat reference center](#) on the same page as the link to the applications. Applicants choosing not to use the fill-in forms may recreate the forms following the IMLS format or may type on the printed forms.

FACE SHEET

The face sheet is provided. Use or replicate this form. This page is available as a fill-in form on the IMLS Web site.

ABSTRACT

An abstract of no more than one page, single spaced (600 word maximum) should describe the primary goals of the proposed activities and present an overview of the design of the project to achieve those goals. Describe anticipated results.

NARRATIVE

A narrative of no more than 10 single-spaced, one-sided pages should address the evaluation criteria listed on pages 4.4–4.6. Your narrative should include sections on: statement of need, project design, management plan, personnel, evaluation, model project, and technical knowledge, if applicable. The narrative should provide a comprehensive description for each of the criterion and they should appear in the order listed. If your project involves materials currently under copyright, you should indicate what has been done to secure the necessary permission to copy or to publish the materials.

SCHEDULE OF COMPLETION

A schedule of completion should show when each major activity will occur and its duration. Benchmarks for progress of the project should be identified. The schedule of completion should correspond to the activities described in the narrative. A sample schedule of completion is provided with the application package on page 4.20.

BUDGET

Include a copy of your current Federally negotiated rate agreement for indirect costs, if applicable. The summary budget form and the detailed budget forms are available as fill-in forms on the IMLS Web site.

SIGNED ASSURANCES FORM

To be considered for a grant, the certified authorizing tribal official must read and sign the Assurances form. Photocopies or stamps of signatures will not be accepted on the original form. Indicate the title of the official.

The authorizing official may be the organization's chief executive officer or an executive member of the organization's governing body.

The application is not complete unless the authorizing official has signed it. Send the complete four-page Assurances form.

For new positions for which IMLS funding is requested, include position descriptions. Also, applicants should include documents that specifically relate to the justification for the project. Information may include needs assessments, reports from planning activities, products or evaluations from previously completed or ongoing projects of a similar nature or other documents for the evaluation of the proposal.

Sending the Application to IMLS

Mail or hand-deliver applications to:

Office of Library Services, Room 802
Institute of Museum and Library Services
1100 Pennsylvania Avenue NW
Washington, DC 20506

Within 15 working days after the application deadline, IMLS will mail applicants an acknowledgment form with an application log number. If this form is not received, contact IMLS to make sure the application was received.

**HAND
DELIVERY**

IMLS accepts hand-delivered applications between 9:00 a.m. and 4:30 p.m. (Eastern Time) daily, except Saturday, Sunday and Federal holidays. IMLS will provide a dated receipt at the time of delivery.

**MAIL
DELIVERY**

Mailed applications must be postmarked no later than the application deadline:

May 1, 2001

IMLS may ask for proof of mailing if the postmark date on the package cannot be read.

IMLS will accept a legible receipt stamped by the U.S. Postal Service or a legible dated shipping label, invoice or receipt from a commercial carrier. IMLS will not accept private metered postmarks or private mail receipts unless they contain a legible date stamped by the U. S. Postal Service.

IMLS recommends certified or registered mail, “return receipt requested,” when using the U.S. Postal Service.

IMLS Assurances

The IMLS is required to obtain from all applicants certifications regarding federal debt status, debarment and suspension, non-discrimination, and a drug-free workplace. Applicants requesting more than \$100,000 in grant funds must also certify regarding lobbying activities and may be required to submit a "Disclosure of Lobbying Activities" (Standard Form LLL). Some applicants will be required to certify that they will comply with other federal statutes that pertain to their particular situation. These requirements are incorporated in the assurances statement below. Review the Statement and sign the certificate at the end. If you receive a grant, you must comply with these requirements.

ASSURANCES STATEMENT

By signing the application form, the authorizing official, on behalf of the applicant, assures and certifies that, should a grant be awarded, the applicant will comply with the statutes outlined below and all related IMLS regulations. These assurances are given in connection with any and all financial assistance from the Institute of Museum and Library Services after the date this form is signed, but may include payments after this date for financial assistance approved prior to this date. These assurances shall obligate the applicant for the period during which the Federal financial assistance is extended. The applicant recognizes and agrees that any such assistance will be extended in reliance on the representations and agreements made in these assurances, and that the United States government has the right to seek judicial enforcement of these assurances, which are binding on the applicant, its successors, transferees, and assignees, and on the authorized official whose signature appears on the application form.
